

# HomeSeer: Supported Hardware & Software

partial listing only; Contact HomeSeer for questions regarding other devices.

Items in bold blue are available for purchase at [homeseer.com](http://homeseer.com)

<b>Z-Wave Hardware</b>				
Category	Company	Device	Purpose	Note
PC Interfaces	HomeSeer	<a href="#">ZU0100-001</a>	Z-Wave USB PC Interface	
	ACT / HomePro	<a href="#">ZCU000</a>	Z-Wave USB PC interface	
		<a href="#">ZCS000</a>	Z-Wave RS232 (serial) PC interface	*store
Controllers	ACT / HomePro	<a href="#">ZTH100</a>	Z-Wave handheld remote control	*store
		<a href="#">ZTW100</a>	Wall-mounted one-button Z-Wave controller (Decora-style)	*store
	Intermatic	<a href="#">HA09C</a>	Z-Wave handheld remote control	*store
		<a href="#">HA07C</a>	Desktop Z-Wave controller	*store
Wall Switches	ACT / HomePro	<a href="#">All ZDW series</a>	Z-Wave dimming wall switch	*store
		<a href="#">All ZRW series</a>	Z-Wave relay wall switch	*store
		<a href="#">AS101</a>	Z-Wave companion switch (for Z-Wave 3-way circuits)	*store
	Intermatic	<a href="#">HA06C</a>	Z-Wave dimming wall switch	*store
Plug-in Modules	ACT / HomePro	<a href="#">All ZDP series</a>	Z-Wave lamp module	
		<a href="#">All ZRP series</a>	Z-Wave appliance module	
	Intermatic	<a href="#">All series</a>	Z-Wave lamp, appliance, outdoor, socket modules	*store
	Sylvania	<a href="#">SH50330</a>	Z-Wave lamp module	
Motion Sensor	ACT / HomePro	<a href="#">ZIR000</a>	Z-Wave Motion Sensor	
Thermostat	CamStat	<a href="#">CamStat</a>	Z-Wave Thermostat for HVAC applications	
	ACT / HomePro	<a href="#">ZTT000</a>	Z-Wave Thermostat for HVAC applications	
	RCS Inc.	<a href="#">TZ16</a>	Z-Wave Thermostat for HVAC applications	*store

<b>UPB (Universal Powerline Bus) Hardware</b>				
Category	Company	Device	Purpose	Note
PC Interfaces	HAI	36A00-1	UPB RS232 PC Interface <b>requires HomeSeer plug-in</b>	**
	PCS	PIM	UPB RS232 PC Interface <b>requires HomeSeer plug-in</b>	**
	Simply Automated	UMC	UPB RS232 PC Interface <b>requires HomeSeer plug-in</b>	**
Controllers	HAI	38A00-1	UPB room controller	**
		38A00-2	UPB House controller	**
	PCS	WM6	UPB wall mount controller	**
		DTC6	UPB desktop controller	**
Wall Switches	HAI	35A00-1	UPB dimming wall switch (600 wt)	**
		35A00-3	UPB non-dimming wall switch (600 wt)	**
		35A00-2	UPB dimming wall switch (1000 wt)	**
		35A00-4	UPB non-dimming wall switch (1000 wt)	**
		40A00-1	UPB relay wall switch (15a)	**
		37A00-1	UPB aux switch (for 3-way circuits)	**
	PCS	WS1D	UPB dimming wall switch (600, 1000, 1500 & 2400 wt)	**
	Simply Automated	US2-40 (all configurations)	UPB universal dimming wall switch	**
Plug-in Modules	PCS	LM1, LM2	UPB dimming lamp modules	**
		AM1	UPB appliance module	**
	Simply Automated	UML	UPB dimming lamp module	**
		UMA	UPB appliance module	**
		UMI	UPB digital I/O module	**
Receptacle	Simply Automated	URD	UPB outlet receptacle	**
In-line Modules	Simply Automated	UFD	UPB in-line dimming receptacle	**
		UFR	UPB in-line relay receptacle	**

<b>INSTEON (by SmartLabs)</b>				
Category	Company	Device	Purpose	Note
All Categories	Smarthome	<a href="#">All INSTEON devices</a>	Full support in X10 mode (beta)	
	SmartHome	<a href="#">All INSTEON Lamp and Appliance Modules</a>	Control support in INSTEON mode (beta)	
	SmartHome	<a href="#">Keypad Modules</a>	Control support in INSTEON mode (beta)	

<b>X-10 Hardware</b>				
Category	Company	Device	Purpose	Note
PC Interfaces	ACT / HomePro	<a href="#">T1103</a>	X10 RS232 Interface	*store
	SmartHome	<a href="#">PowerLinc USB</a>	X10 USB Interface (U & CU supported, downloading events not supported for CU version)	*store
	Marrick, LTD	<a href="#">LynX10-PLC</a>	2-Way X-10 Transceiver	

	X10 Inc.	CM11A/HD11A/CM12U (220V) CM17A (Firecracker)	2-Way X10 (downloading events not supported) X10 RS232 - Wireless (RF) Interface	
Controllers	Applied Digital Inc.	<b>Ocelot/CPU-XA</b>	2 way X10, 2 way Infrared learning, 2 way input/output relays (downloading events not supported)	*store
	Custom Solutions Inc.	HomeVision	2 way X10, infrared, I/O controller (downloading events not supported)	
	X10 Inc.	Palmpad	Handheld RF remote control for X10 devices	
	SmartHome	HouseLinc	2 way X10, 1 way infrared non learning (downloading events not supported)	
Wall Switches	Leviton Inc.	Leviton Wall switches	Wall switches supporting the Extended X10 dim command	
	PCS Inc.	PCS Wall switches	1 way X10 wall switches with pre-set dim support	
	SmartHome	SwitchLinc	2 way X10 wall switches	
Thermostat	RCS Inc.	TX15B	Bi-directional X10 thermostat for HVAC applications	
Temperature	SmartHome	TempLinc	Temperature monitoring	
RF Receivers	X10 Inc.	MR26A	RF receiver (RF control of HomeSeer)	
	Robotronix	RFXC <small>OM</small> Receiver	RF receiver (RF control of HomeSeer)	
	WGL Designs	W800 RF Receiver	RF Receiver (RF Control of HomeSeer, includes support for X-10 Security System)	

## Specialty Lighting

Category	Company	Device	Purpose	Note
Wall Switches	Lightolier	Compose switches	PLC lighting; <b>requires HomeSeer plug-in</b>	**
	Lutron	HomeWords	Hard-wired lighting; <b>requires HomeSeer plug-in</b>	**
	Lutron	Lutron RadioRA	Wireless Lighting; <b>requires third party plug-in</b>	**

## HVAC Control (Thermostats)

Category	Company	Device	Purpose	Note
Thermostats	ACT / HomePro	ZTT000	<b>Z-Wave</b> Thermostat for HVAC applications	
	Aprilaire	8870	Bi-directional thermostat for HVAC applications (serial interface)	
	CamStat	<b>CamStat</b>	<b>Z-Wave</b> Thermostat for HVAC applications	*store
	Enerzone	All	Bi-directional thermostat for HVAC applications (serial interface)	
	HAi	RC80	Bi-directional thermostat for HVAC applications (serial interface); may be used with or without <b>HomeSeer plug-in</b>	**
	IP Proliphix	All units	Bi-directional thermostat for HVAC applications (ethernet interface); may be used with or without <b>HomeSeer plug-in</b>	**
	RCS Inc.	<b>TZ16</b>	<b>Z-Wave</b> Thermostat for HVAC applications	*store
		TX15	Thermostat for HVAC applications (not bi-directional, serial interface)	
		TX15B	Bi-directional X10 thermostat for HVAC applications	
		TR15	Bi-directional thermostat for HVAC applications (serial interface)	
		TR16	Bi-directional thermostat for HVAC applications (serial interface)	
		TR40	Bi-directional thermostat for HVAC applications (serial interface)	

## Infrared (IR) Control

Category	Company	Device	Purpose	Note
PC Interfaces	Applied Digital	<b>Ocelot</b>	infrared interface; multi-zone infrared available with SECU-16-R module; <b>requires HomeSeer plug-in</b>	*store
	Global Cache	GC100	Infrared interface; <b>requires HomeSeer plug-in</b>	**
	Home Electronics	TIRA 2	Infrared USB interface	
	IRTrans	IRTrans	Infrared USB interface	
	Nicolas' Internet	PCIR	IR interface for the PC	
	SmartHome	IRLinc 1623PC	Infrared learning controller	
	ConceptUK	PCRemote	1 way infrared learning (PC parallel port win9X only)	
	JDS Inc.	IRXpander	2 way Infrared learning	
	USB-IRT	USB-IRT	Infrared USB interface	
Nirvis Inc.	Slink-e	2 way infrared learning with Sony control-s support		

## Security Systems

Category	Company	Device	Purpose	Note
Security Panels	DSC	MaxSys and Power Series	Security panel; <b>requires HomeSeer plug-in</b>	**
	Napco Inc.	Gemini 3200 & 9600	Security panel; <b>requires HomeSeer plug-in</b>	**
	HAi	Omni Series	Monitor and control your security, home automation, and HVAC; <b>requires HomeSeer plug-in</b>	**
	Elk	Elk M-1	Security panel; <b>requires third party plug-in</b>	**
	Caddx	NX8	Monitor and control your security; <b>requires Free Third party plug-in</b>	
	GE	Interlogix	Monitor and control your security; <b>requires Free Third party plug-in</b>	
	OnQ	HMS Series	Monitor and control your security, home automation, and HVAC; <b>requires HomeSeer plug-in</b>	**

## Home Automation Controllers

Category	Company	Device	Purpose	Note
----------	---------	--------	---------	------

Controllers	Applied Digital	<b>Ocelot/Leopard</b>	Monitor and control your home automation devices, <b>requires Free HomeSeer plug-in</b>	*store
	HomeSeer	<b>PRO-100</b>	Monitor and control your home automation devices, <b>includes all HomeSeer plug-ins</b>	
	Custom Solutions Inc.	HomeVision	Monitor and control your home automation, infrared, and HVAC devices, <b>requires Free HomeSeer plug-in</b>	
	JDS	TimeController/TC Plus	Monitor and control your home automation devices, <b>requires Free HomeSeer plug-in</b>	
		Stargate	Monitor and control your security, home automation, and HVAC; <b>requires Free HomeSeer plug-in</b>	**
Smarthome	HouseLinc	Monitor and control your home automation and infrared devices, <b>requires Free HomeSeer plug-in</b>		

## RFID (Radio Frequency Identification)

Category	Company	Device	Purpose	Note
RFID	iAutomate.com	RFID Readers & Tags	Monitor (track) people, pets, and possessions around your home, <b>requires Free Third party plug-in</b>	

## Software Plug-ins

Category	Company	Device	Purpose	Note
Media	HACS	<b>AB8SS</b>	<b>Third party plug-in</b> supports speaker A/B (2 bus) controller with RS-232, X-10, and IR control methods.	*store
	NeoSpeech	<b>Neo Voices</b>	Human sounding concatenated text-to-speech for your computer and HomeSeer.	*store
	HomeSeer	<b>Media Center 2005</b>	<b>HomeSeer plug-in</b> for the Microsoft Windows XP Media Center 2005 (and earlier)	*store
<b>Media Player 9</b>		<b>HomeSeer plug-in</b> for the Microsoft Media Player 9	*store	
Camera	Third Party	<b>CAM Control</b>	<b>Third party plug-in</b> to control (power on/off) cameras and capture video.	*store
		<b>Various Hauppauge Video Capture Products</b>	<b>Third party plug-in</b> to capture video with a Hauppauge video capture (WinTV) board which can be emailed or posted to a web page.	*store
Phone	Third Party	<b>WAPSeer 2</b>	Second generation <b>Third party plug-in</b> providing web interface support for small screen web browsers such as PDAs and cell phones. A must-have for mobile professionals!	*store
	U GotCall	<b>NetCallerID</b>	<b>Third party plug-in</b> supports this inexpensive Caller-ID device to provide many CID features in HomeSeer.	*store
Weather Stations	Ambient Software	(Various Makes and Models)	<b>Third party plug-in</b> to interface many different weather stations with HomeSeer	**
Temperature	Third Party	<b>Temperature</b>	<b>Third party plug-in</b> for gathering temperature data from the web and local hardware devices such as 1-wire sensors	*store
Touchscreen	Cinemar	<b>MainLobby</b>	Great Flash-based touchscreen interface for HomeSeer. Requires third-party plug-in (below)	*store
	Third Party	<b>MainLobby Plug-in</b>	<b>Third party plug-in</b> for Cinemar's MainLobby touchscreen interface for HomeSeer.	*store
	3COM	<b>Audrey</b>	<b>Third party plug-in</b> supports use of the discontinued Audrey as a feature-rich display interface to HomeSeer.	*store
	HomeSeer	<b>TouchPad Interface</b>	Free plug-in for HomeSeer that enables HomeSeer to be controlled using any touch screen display. Includes support for PDA and other small screen devices.	**
Misc	Third Party	<b>Message Server</b>	A network control <b>Third party plug-in</b> for HomeSeer. Control HS remotely and receive pop-up messages and other alerts from another computer via the Internet.	*store
		<b>Motion Sensor Support</b>	<b>Third party plug-in</b> for supporting and managing motion sensors	*store
		<b>ROC Randomizer</b>	<b>Third party plug-in</b> to randomize events in HomeSeer - have random things spoken to you and more.	*store
		<b>ROC Outlook</b>	<b>Third party plug-in</b> for displaying Microsoft Outlook information on the HomeSeer website. Also syncs contacts with HomeSeer Phone	*store
		<b>SpeakEasy Plug-in</b>	<b>Third party plug-in</b> Powerful interface for HomeSeer and the Text to Speech (TTS) engine	*store
		<b>WebAgent</b>	<b>Third party plug-in</b> for developers to gather information from the Internet	**

\*store - These items are available in the HomeSeer on-line store. Check our "products" pages for details.

\*\* See our on-line store for more information about some of our software plug-ins. More information is also available from the plug-ins link from our Products menu. Plug-ins marked as "Third Party" are not developed or supported by HomeSeer Technologies.
